

PHASE 3

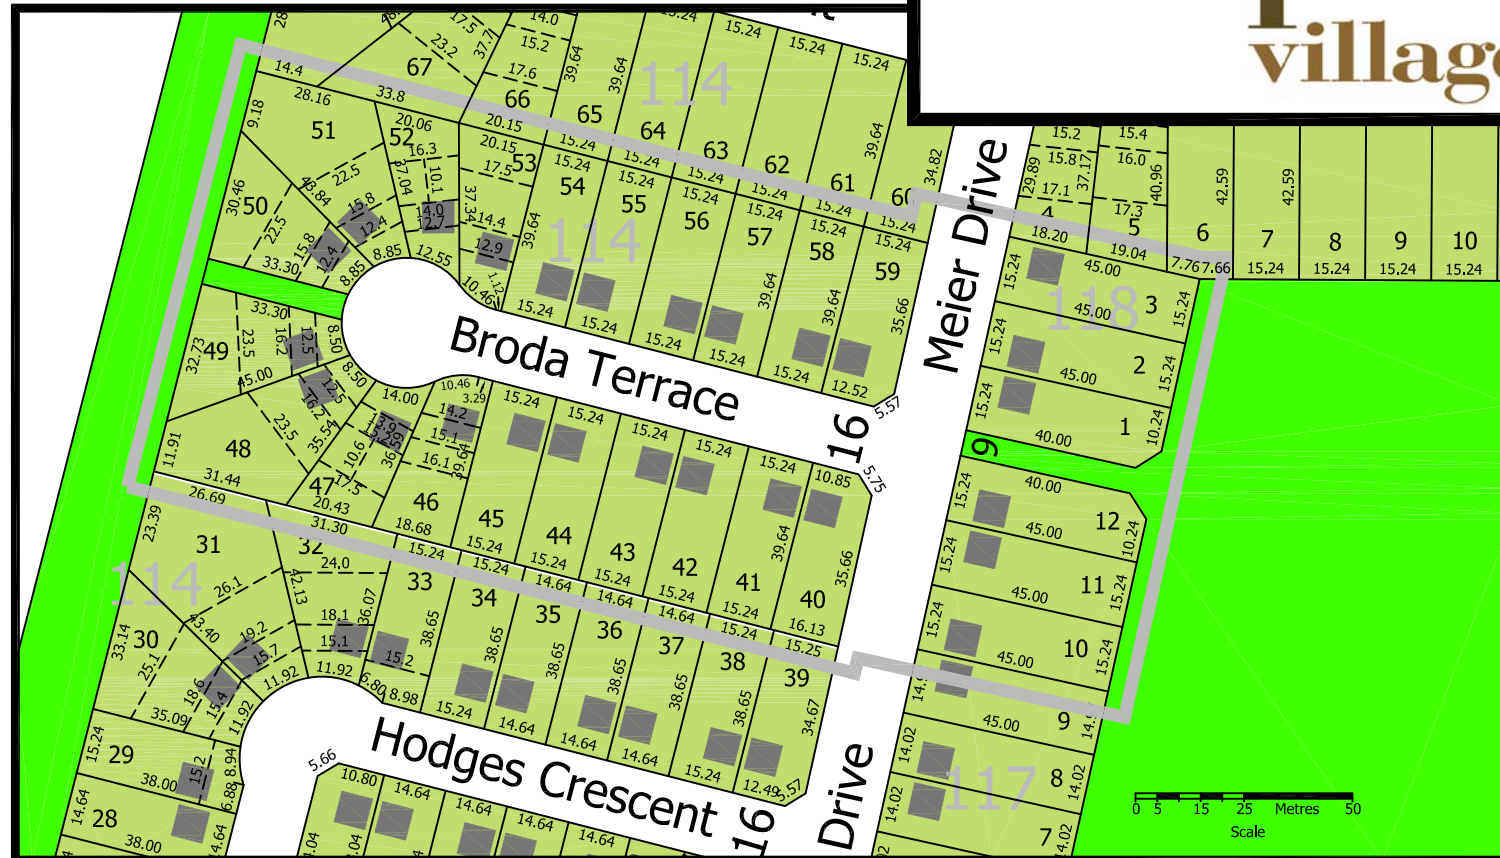

GARAGE SIDES

MOOSE JAW, SASKATCHEWAN

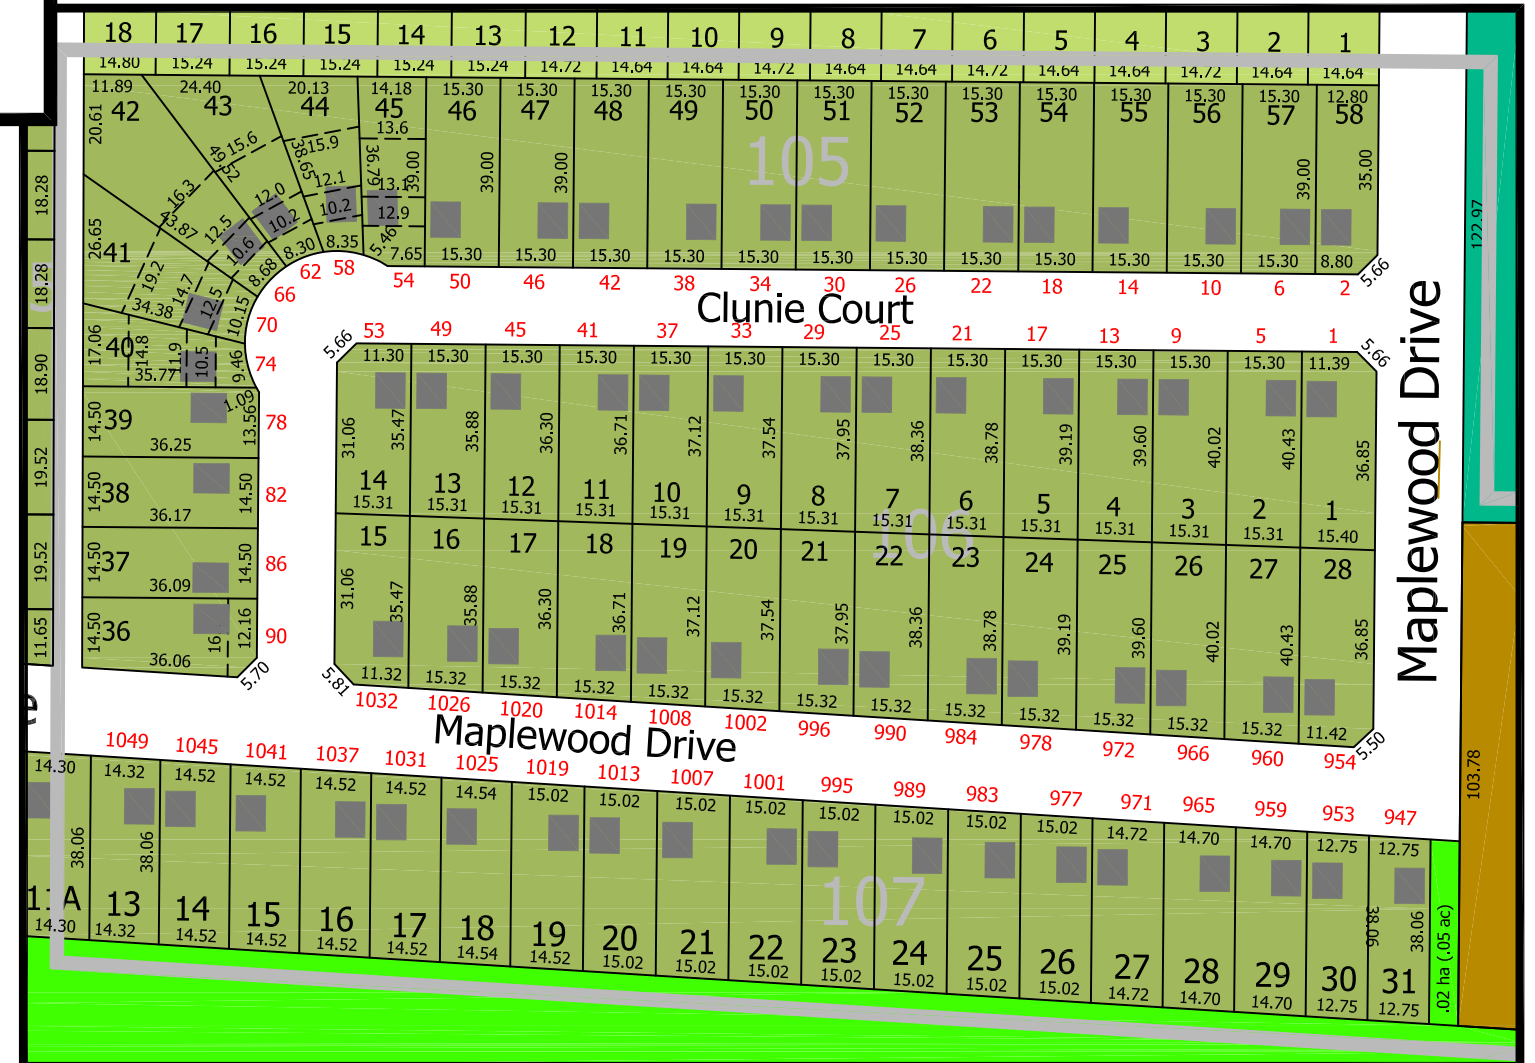

WWW.WESTPARKVILLAGE.CA

(306)683-0563

All dimensions are in metres unless otherwise noted.

MARCH 29, 2017

Please Note:

- For attached garages, garage placements as shown are mandatory. On corner lots, garages may be attached as shown or attached to the house at the rear of the lot for side yard entry.
- For the lots with paved alleys (lots 36 to 42, Block 105), special zoning is in place to allow front attached garages, rear detached garage or both. For rear detached garage, utilities servicing the house from the alley require a space of 1.5 metres on each side of the garage. Variations to this may be permitted, such as hanging the metres on the detached garages. Please contact the respective utility for any variation.
